

WHAT IS A MENTORNSHIP?

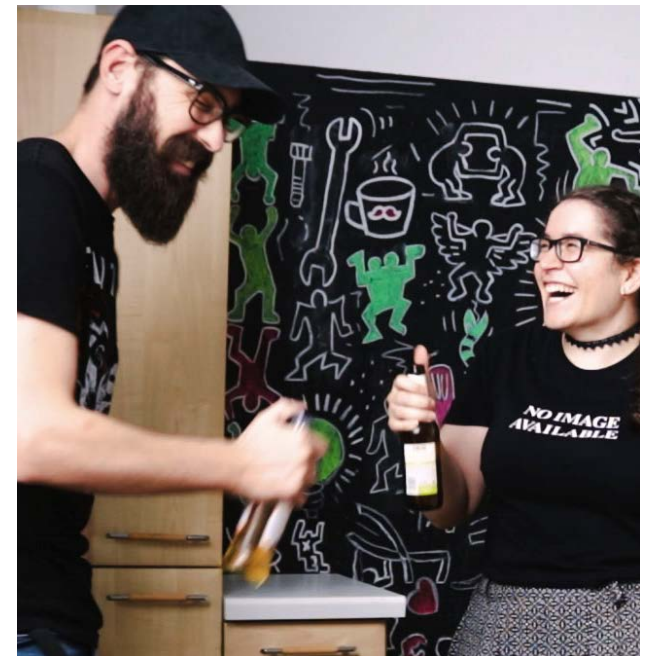

Shouldn't it be written Mentorship and why do I need one?

Mentoring + internship = MENTORNSHIP!

That's why a MENTORNSHIP is more than an internship! A MENTORNSHIP has an additional focus on mentoring, thus the intern's personal development is as important

as the professional. The gained knowledge and experience is not only valuable to make you a better creative but will help you in the long run.

MENTORSHIP WINTER 2026

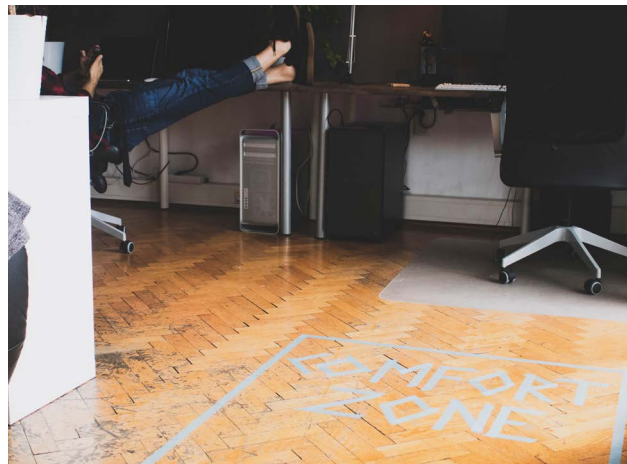

ABOUT THE STUDIO

FOR AWESOME BRANDS

In short it's just awesome!

MEET YOUR MENTOR, DANIEL UEBLEIS

Daniel, a passionate designer, artist, videographer, illustrator, animator, or simply a curious and ambitious MAKER.

He has several years of teaching experience at the University of Applied Sciences, Salzburg and passed on his findings and knowledge to hundreds of young creatives.

He is a trained industrial mechanic with a commercial academy degree and a MultiMediaArt diploma.

His working experience includes jobs like:

Maintaining and fixing production lines, working in a copy-shop, building concrete cutting and drilling machines, managing a warehouse, calculating whole mineral processing and concrete mixing plants and, not to forget, running his own studio.

„I'm a true believer that the reward for good work is more work, and let me tell you, I worked a lot.“ Daniel

ABOUT YOU

You are a creative at heart who enjoys working in a team but has no problem with independent work. You are willing to learn new skills in a professional environment. You are inquisitive and open to honest feedback.

TASKS AND REQUIREMENTS

You will work on real projects and thus gain the best insight into your dream job. The aim is to involve you in every step of the process, from conception to finalization.

Your tasks include a wide variety of activities in the areas of design, animation and video. Among other things, you could expect the following:

Creation of animatics, concept development, research, modeling, rigging, rotoscoping, keying, the development of graphic elements, illustration, set construction, assistance with shooting, editing, prop making.

The actual tasks depend on the projects that arise during your MENTORSHIP and your interests and skills.

In addition to working on awesome projects, you'll get an understanding of what it means to run a company.

SOFTWARE SKILLS

Adobe Illustrator	3D software (advantageous)
Adobe After Effects	Adobe Indesign
Adobe Photoshop	Drawing (advantageous)

In addition to working on the computer, you must also be open to analog work!
